### BRITISH MATRONS

who love their homes seek to make them the brightest spots on earth. A snow-white table cloth laid with shining cups and saucers, and a bright clean fireside greet the bread-winner as he returns from his daily toil. A smiling welcome from a happy wife is his, and the children make music at his coming.

### NEVER, NEVER, NEVER

is disorder allowed to reign supreme. Alas, that every matron knows not that such a home may be hers. Some matrons are slaves of dirt, and their homes are homes of squalor. Some are slaves to worry and their homes are in a perpetual turmoil of cleansing through the use of common soaps. Britons, never, never, never

### SHALL BE SLAVES

is the music of that home where Sunlight Soap is used. Quietly, quickly, without worry, without confusion, the heaps of soiled clothes are purified with Sunlight Soap. The whole house is with one wash of Sunlight Soap made sweetly clean. There is no discomfort to anyone; there is time for rest; there is time for recreation; there is time to devote to other duties of the home. Slavery to dirt and to disorder, to work and to worry is abolished, and of such freedom and comfort

A     
**Handsome**  
**Tribute** 

I commend, with emphasis, the use of Shredded Whole Wheat Biscuits, not only as a general food for the family, but especially as a food which has merits peculiar to itself, and which ought to be known to every one who desires a strong and well nourished frame. The food has no equal in the market as a nutrient of nerves, bones, tissues and blood.

It not only makes a delicious dish with cream, but is unexcelled in the preparation of hundreds of dishes which enter into our daily diet. It ought to be a favorite with athletes as it has no equal for giving strength and tone to the system. In its life-giving and sustaining properties, it is especially to be commended to those who wish to fit their systems for endurance, activity, and long sustained pressure either upon the mental or physical organs.

**In Canada** the chief of these is the Canada Life Assurance Company. This great company since its inception has paid or credited its policyholders with nearly \$6,000,000 more than it has received from them.

**This Splendid Record** has never been approached in this country, and the prospect for the future is that as in the past the best to be obtained in life assurance will be found in

# Independent Order of Odd-Fellows

The Pioneer of Fraternal Benevolent Societies.

Instituted in America in 1819.

It had at the close of 1900 over 900,000 Lodge members 350,000 Rebekah members, and 150,000 Encampment members. Revenue for the year, \$10,000,000. Paid out in Sick, Funeral, and Widows' Benefits during the year, nearly \$4,000,000.

Instituted in Ontario in 1855, the Order now has 286 lodges with 25,331 members, and paid for all purposes of relief in 1900 \$87,921.86 The subordinate lodges of Ontario have invested funds to the amount of \$1,837,834.48.

Lodges are located in almost every eligible village, town and city in Ontario.

Through its instrumentality, the Order has paid out in benefits and relief since 1855, over \$2,492,372.00

The Order has grown and prospered because it has filled a want in the country and has ever been faithful to its promises. Every young man should be a member and grow up under the wholesome influence the Order is ever exerting.

## Odd-Fellows Relief Association

**OF CANADA**

**Largest, Best, Strongest Odd-Fellows' Insurance Association on the Continent.**

**For Odd-Fellows and Rebekahs only.**

**The Revenue** in 1875 was \$953.00. In 1900 it was \$168,226.40.

**The Membership** — In 1875 the Relief Association had just 364 members. To-day it has over 13,000.

**The Death Benefits** — Twenty-five years ago there were no deaths and consequently no benefits paid. In 1900 the amount paid out for death benefits was \$104,000.

**The Death Claims**—The amount paid out in death claims by this Association in the twenty-seven years figures up to over nine hundred and eighty-seven thousand dollars (\$987,000.00).

J.B. McIver

J.E. Fowler

D. Callaghan

H. Meek

A.H. Blackeburn

**The Death List**—Since the institution of the Association 765 death claims have been paid, and paid more promptly than in any similar institution in existence.

**The Funds** — In 1875 there were "no funds." To-day the Association has a surplus of \$240,000 over and above its liabilities; the bulk of it being in municipal debentures.

**The only one of its kind**—A quarter of a century ago the Relief Association was the only co-operative insurance organization in Canada. To-day it has a score or more of imitators and followers. It still remains alone, however, in its own chosen field — that of a purely Odd-Fellows' insurance association.
